

naturally nurtured

Help the bumble bee find it's way to the cucumber flower.

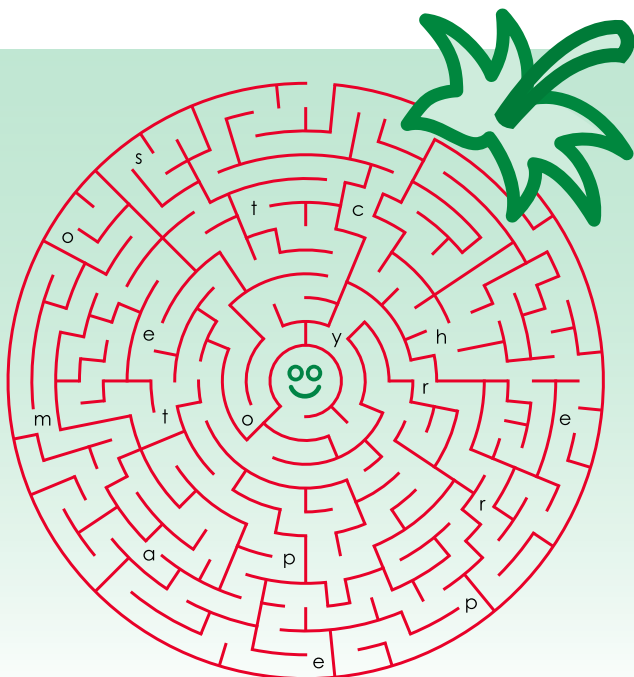

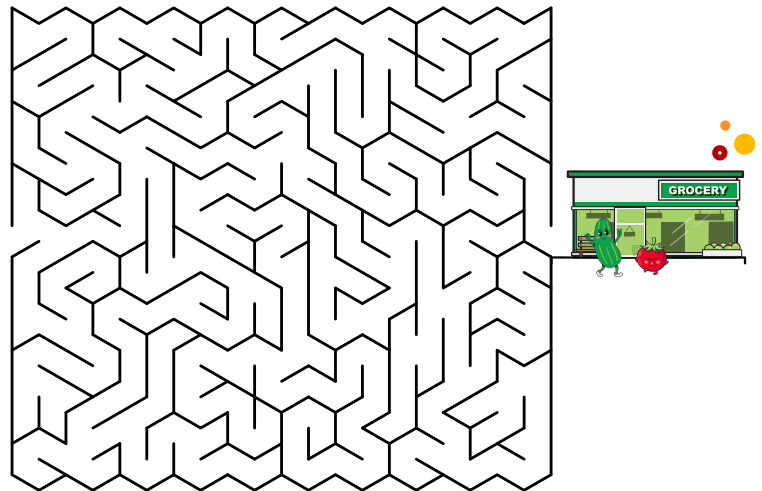

FUN FACT: Bumble bees are excellent at transferring pollen from flower to flower because pollen sticks well to their fuzzy bodies.

closer to home

Help deliver the peppers to the grocery store.

FUN FACT: Greenhouse grown peppers are picked at their peak and shipped to customers within 24 hours to ensure they are the most flavorful.

sustainable growing

Solve the maze and spell the mystery word. Here are a few hints:

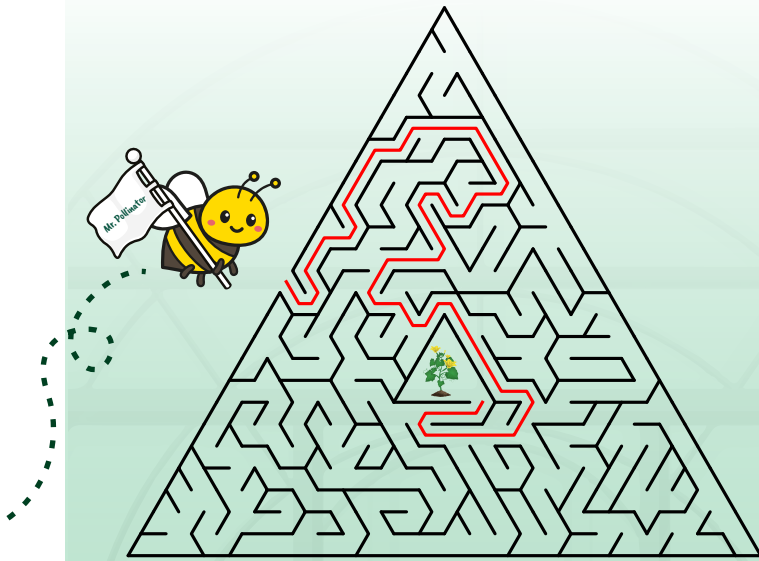

1. I am round & range in size from a thumb tip to the size of a golf ball.
2. I am very sweet & incredibly juicy.
3. I get my name from another fruit.
4. I am harvested only when fully ripe.

Answer Key

naturally nurtured

Help the bumble bee find it's way to the cucumber flower.

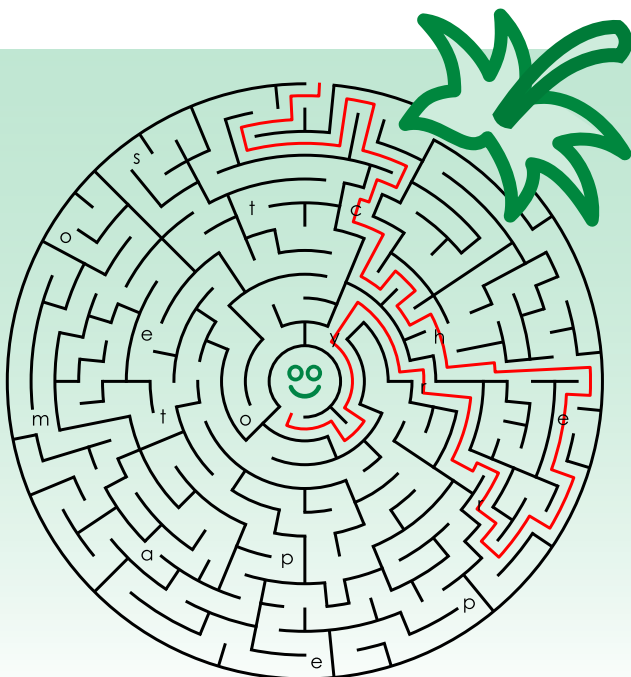

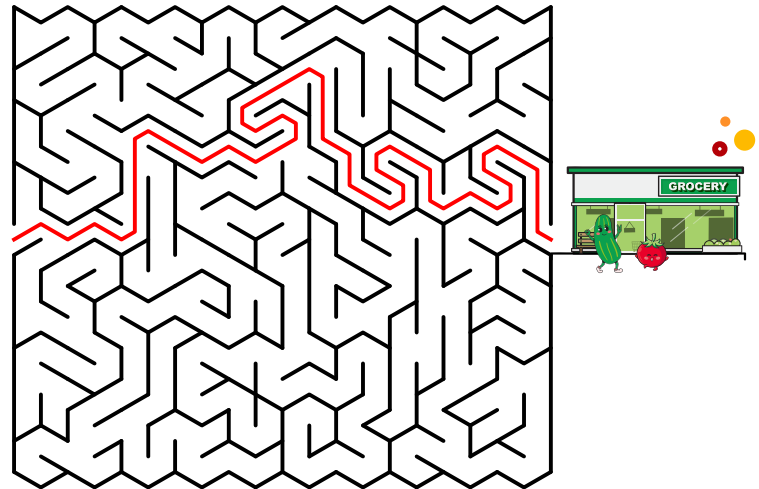

FUN FACT: Bumble bees are excellent at transferring pollen from flower to flower because pollen sticks well to their fuzzy bodies.

closer to home

Help deliver the peppers to the grocery store.

FUN FACT: Greenhouse grown peppers are picked at their peak and shipped to customers within 24 hours to ensure they are the most flavorful.
